Jeannine and Russ, I would like you to take a final look at what FEAD is suggesting as a response. If you are OK with this, I'll review.

Thanks,
Anne

Hi Anne,

I reviewed the edits in the email text and the edits in the word attachment. I think the word attachment satisfies what we need to say, and lets them know we are not in conflict with USDA and are indeed reopening the comment period.

I added my edits in the redline version and also provided a clean copy. Let me know your thoughts.

Best,
Christina

Hi Christina, folks in BPPD have addressed the comments we feel appropriate for our division. I've included a note from Jeannine below that lays out the thought process and appends the email chain.

I think FEAD should respond to the remaining points highlighted, keeping in mind Alex's previous comments.

I am happy to review this again before it goes up.

Best,
Anne

Hi there,

We received comments on a congressional response surrounding biostimulants. The original letter is also attached. The big ask is whether we are opening a second comment period, which came from Rick. The comment is in the word document

Please advise. Thank you!

Hi Darlene,

Sure. I looked at it and edited some things, but if Rick wants info on the second comment period, it will need to go back to BPPD. Christina is handling BPPD now, so I'm sending to her.

Maybe the chestnut letter will get looked at and sent out some day!

Dian

Hi Dian,

We sent this letter to the OCSPP IO in April. We just received comments from Alex and Rick. Can you take a look and make any necessary revisions?

Subject: FW: Arizona letters on biostimulants

Darlene,

Below are comments from Alex on the Arizona letters on biostimulants. I have also attached the comments from Rick. The second attached file is the version of the letter that incorporates Alex's edits and also includes edits received from Rick – some of which I was not able to address. Can OPP review and revise to ensure that all comments have been addressed and send back to me? Once revised, I will make the same revisions for the other letter to Senator Kerr.

Thanks,
Melissa

Alex,

Attached is the incoming letter from Rep. Dunn and Sen. Kerr of the Arizona House of Representatives and the Arizona State Senate, respectively, on biostimulants and the draft responses on letterhead. The response letters for Mr. Dunn and Ms. Kerr are identical. The letters are near duplicates of what was sent to Congresswoman Pingree and others, but the second paragraph was tweaked. If you are ok with these draft responses, I will run them back through OCIR once more before you sign the letters.

Thanks,
Melissa
